# WELCOME

Welcome to the 2021 Australasian Plastic and Reconstructive Surgery SET 2–5 Conference, 27 February – 2 March 2021 at the Savoy Hotel, Melbourne, Australia. Attendance at the conference is compulsory for all SET 2-5 Plastic and Reconstructive Surgery Trainees in Australia and New Zealand.

The delivery of the Conference this year is necessarily different from past years. We have been fortunate to be able to adapt the Program to leverage technology to navigate the challenges brought on by the pandemic. Faculty will present from a Melbourne hub (and remotely) with video streamed to 5 venues around Australia and New Zealand (Sydney, Brisbane, Adelaide, Perth & Christchurch).

We acknowledge the venue situation is neither ideal nor desired. Planning efforts have been extensive to balance and maximise educational impact with the ever-changing rules on gatherings. Regional hubs will provide an opportunity for trainee and sponsor to network. The introduction of social media (WhatsApp) will facilitate synchronous discussion and feedback to presenter – an innovative approach.

The scientific program is focused on core curriculum topics breast/chest and trunk reconstruction, breast aesthetic, hand surgery and ethics. The Organising Committee is dedicated to delivering the best possible experience for all. We are grateful for the efforts of all faculty, local facilitators and venues in helping us fulfil our vision. We hope you will enjoy this.

On Saturday evening regional trainee dinners are planned with the intension of bringing some of the “old world” conference vibes into this new world in which we all now live.

We thank our industry partners and sponsors for their support. Lastly we thank our Faculty and local facilitators for the generosity in donating their time.

We look forward to seeing you at the conference and online.

Yours sincerely

Nelson Low FRACS  
Co-convenor

Michael Findlay FRACS  
Co-convenor

# CONFERENCE HIGHLIGHTS

## Conference

**Dates:** 27 February - 2 March 2021

**Venues and Addresses:**

<p><b>Speakers and VIC trainees</b></p> <p>The Savoy Hotel on Little Collins Plaza Ballroom 630 Little Collins Street Melbourne Phone: 03 9622 8888</p>	<p><b>NSW Trainees and Local Facilitators</b></p> <p>Sir Stamford at Circular Quay 93 Macquarie Street Circular Quay Phone: 02 9252 4600</p>
<p><b>QLD Trainees and Local Facilitators</b></p> <p>RACS QLD Meeting Rooms Level 2, 59 Shafston Avenue Kangaroo Point</p>	<p><b>SA Trainees and Local Facilitators</b></p> <p>RACS SA Meeting Rooms Level 2, 24 King William Street Kent Town</p>
<p><b>NZ Trainees and Local Facilitators</b></p> <p>Manawa Centre 276 Antigua Street Christchurch, New Zealand</p>	<p><b>WA Trainees and Local Facilitators</b></p> <p>RACS WA Meeting Rooms Suite 1, 216 Stirling Highway Claremont</p>

This premier annual training activity includes a variety of high quality educational sessions. In 2021 the three topic areas to be covered are breast / chest and trunk reconstruction, breast aesthetic, hand surgery and ethics.

Registrar Presentations to win the Emmett Prize will also be featured.

Australian Board Chair, William Blake, shall provide an update on curriculum's implementation.

Australian Society of Plastic Surgeons Consultant, Jodie Atkin, will provide an update on ethics in the modern environment.

The Conference provides an opportunity for SET trainees to learn important areas of the SET P&RS curriculum from expert speakers in preparation for the fellowship exam.

## SPONSORS ACKNOWLEDGEMENTS

The organizing committee would like to thank the following sponsors and exhibitors:

# EMMETT PRIZE PRESENTATIONS

## Emmett Presentations

---

**Date:** 27 February 2021

Professor Anthony James Jephson Emmett donated seed funds for this prize to encourage 'the habit of enquiry and good records' in young trainees. Trainees selected at regional annual presentation days are eligible to present their research at the following Registrars' Conference. A three-person prize committee shall judge the Best Research presentation and the Best Clinical presentation. Each category winner will receive \$1,500 cash prize (money administered by ASPS).

For the Best Research presentation, registrars must submit a piece of original clinical research which provides analysis of formal research undertaken by the trainee related to Plastic and Reconstructive Surgery.

For the Best Clinical presentation, registrars must make a presentation related to any aspect of clinical practice including but not restricted to technique and analysis, new technique presentation review and analysis, morbidity/ mortality data from clinical series, prospective clinical trials and retrospective reviews of case series.

For more information see the [Emmett Prize Policy](#) (version 3).

## REGISTRAR PRESENTATION SCHEDULE

Each presenter will be allocated 9 minutes (7-minute presentation and 2-minute questions).

The winners will be announced on Sunday 28 February. Collection of prize money is managed through ASPS office. Winners should contact Jennifer Nesini at [finance@plasticsurgery.org.au](mailto:finance@plasticsurgery.org.au) with EFT banking details.

*Winner* of the Emmett Prize - Best Research Clinical Presentation category, will be eligible to submit their presentation for publication consideration in the Australian Journal of Plastic Surgery. Winners should contact Jacqueline Spedding at [journal@plasticsurgery.org.au](mailto:journal@plasticsurgery.org.au) for journal article guidelines and submission details. All research category presenters are welcome to contact Jacqueline for journal submission enquiries.

## SPECIAL ACKNOWLEDGEMENTS

The Australian Board of Plastic and Reconstructive Surgery thanks and acknowledges the generosity of faculty who have given their time.

## GENERAL INFORMATION

### PHOTOGRAPHY, AUDIO AND VIDEO RECORDING OF SESSIONS

Audio, video taping and photography of any of the Conference sessions is **strictly forbidden**. Due to the confidential nature of the medical information in presentations, delegates are reminded to exercise care when discussing content outside the sessions.

### CERTIFICATE OF ATTENDANCE

A certificate of attendance will be emailed to all registrars after the Conference concludes.

### CERTIFICATE OF PARTICIPATION

A certificate of participation will be emailed to all presenters after the Conference concludes.

### SPEAKERS PRESENTATIONS AND AV (In Person Speakers only)

To ensure the smooth transition between speaker presentations, you are required to check in your audio visual material with the audio visual technician well in advance of your presentation at the rear of the conference room. Presentations of each session will be loaded onto a secure server for access during and throughout the session. ASPS seeks your express consent to retain a copy of your presentation for educational purposes and reference for participating registrars (only).

### LOST & FOUND

The Registrars Conference Secretariat is not responsible for any damaged, lost or stolen articles. Items found in any Conference facility should be handed to the Registration Desk or Local Facilitator where they may be claimed with ID.

### WIFI

Free internet access will be available at each Conference location. You will be provided with passwords at the beginning of the Conference.

### DISCLAIMER OF LIABILITY

The Organising Committee, including the Registrars Conference Secretariat, will not accept liability for damages of any nature sustained by participants or loss of or damage to their personal property as a result of the Conference or related events.

### MOBILE PHONES AND PAGERS

Delegates are requested to turn mobile phones to silent and pagers turn off during sessions.

### NON SMOKING POLICY

All conference venues are non-smoking. Smoking is only permitted in clearly demarcated areas.

### DRESS CODES

Conference: smart casual  
Conference Dinners: casual

### PRIVACY CLAUSE

In registering for this Conference relevant details will be incorporated into a delegate list (name, organisation and state/country only, in accordance with Privacy Legislation) and may be made available to parties directly related to the Conference including ASPS, organising committee, sponsors and exhibitors. The delegate list information will be added to ASPS database for future Conference planning. ASPS takes care with your personal information and privacy policy is available on ASPS website ([click here](#)).

### PARKING (at your own expense) Melbourne

Carepark Parking Station opposite hotel ([click here](#)) – AUD \$35 per day

### Sydney

# MOTIVA ERGONOMIX®

The first and only Ergonomix Implant

## Designed for the look, feel and movement of a natural breast

As its name implies, Ergonomix® is an ergonomic or dynamic advanced smooth implant designed to mimic the look, feel, and movement of natural breast tissue. ProgressiveGel Ultima® allows Ergonomix® to hold the desired silhouette of traditional anatomical implants (holding a teardrop shape when standing) while providing softness and response to movement and gravity (becoming round when lying down) like a natural breast.

If you are interested in learning more about the Motiva® Breast implant range, visit us at the LifeHealthcare stand during the ASPS Set 2-5 Trainee Conference or scan the QR code to arrange a virtual or face-to-face meeting with a LifeHealthcare representative.

SCAN HERE

LifeHealthcare are the proud distributors of Motiva® Implants within the Australian market, and as of 1st April 2021 will acquire distribution within the New Zealand market. Established in 2006, LifeHealthcare is consistently recognised by Australian and New Zealand healthcare professionals as a leading independent medical device distributor, partnering with world class companies who share our vision for providing meaningful, differentiated solutions that make a real difference to people's lives. Together, our people work closely with healthcare professionals to ensure the highest standards of patient care. LifeHealthcare has a broad portfolio of products in various channels that include Spine, Orthopaedics, Robotics, Plastics & Reconstructive Surgery and Interventional Neuro-Vascular Surgery.

## Rethink Reconstruction

A synthetic bioabsorbable scaffold for complex wound reconstruction. Minimises wound contracture by generating a neodermis to provide a robust foundation.<sup>1</sup>

Proudly Australian. Made in Melbourne.

Complex wound from necrotising fasciitis

Reconstructed neodermis

3 months post treatment

Pictured: Necrotising fasciitis survivor.<sup>1</sup>

PolyNovo Biomaterials Pty Limited  
Port Melbourne, Australia  
1800 958 289 info@polynovo.com

Indicated for full or deep partial thickness burns and wounds, surgical and reconstructive wounds and traumatic wounds. Refer to the Instructions For Use for full device details. Reference: 1. Wagstaff MJD et al. Burns Open. 2019.

## Leading support in your times of need – it’s why more doctors choose Avant

Avant is more than an insurer, we provide holistic support for doctors that helps them practise at their best through challenging times.

**Dr Ravi Mahajani**  
Plastic surgeon, NT

**Award-winning defence**

A 270-strong\* team including Australia’s largest health law firm, providing members with on-the-ground support nationally.

**Advocating for your interests**

We use our loud and credible voice to affect positive change to health policy, such as on telehealth and PPE provision.

**Financial stability to protect you**

Avant’s financial stability means we can offer a range of assistance to members and ensure we are here to protect doctors for years to come.
